ADAMS, JOHN G
Men who decided to give speedy honorable discharge to Maj Irving Peress—Lieut Gen Walter L Weible and John G Adams—finally disclosed by Army Sec Stevens 11 mos after decision was made, Ja 21 p 12:3, 14:1

ADENAUER, KONRAD
German Chancellor pegs own future and that of West Germany upon alliance with U S, breathing more easily after provincial elections, My 6 p 16:1
Cementing West's aims, Western Foreign Ministers met in New York to work on airtight agreement on how to face up to Russians at San Francisco and later at Geneva, Je 17 p 16:2
Ike meets "Old Fox," Adenauer courted by both East and West, returns to Germany after giving Eisenhower his pledge he will not desert West for rosy Russian promises, Je 24 p 16:2
Adenauer gives some advice to U S, sees period ahead as one of long negotiations with Soviet Russia, warns of some pitfalls U S must avoid in taking part in negotiations, advises patience, says pacification in Europe could bring increased danger in Orient, excerpts from transcript of press conf held in Washington on June 14 by German Chancellor Konrad Adenauer, Je 24 p 62-65

AGRICULTURE
(*See also* Wheat)
New dust bowl in West, dust bowl worse than that of 1930s threatening to develop this spring in Great Plains, one of worst dust storms in history of Plains occurred in 1954, rain and snow in 1940s healed old dust bowl and is cure needed now, Ja 21 p 71, 72

AGRICULTURE—Contd.
Where dust storms threaten again, map, Ja 21 p 71
Rising toll of drought in West, acres damaged by wind erosion, 1950-1954, and acres "in condition to blow" in 1955, chart, Ja 21 p 72
What Russians will see on Iowa farm, Russian farmers visiting Iowa's corn-hog country will find: farmers who are combination businessmen and crop experts, farm families who live well, freely chosen farm methods outproducing Russian state farms 3 to 1; modern hog farm in Iowa represents contrast to what Russians know at home, Mr 25 p 75-80
Average Iowa farmer—operates farm of 197 acres, has total investment of $61,330, what he grows and sells in good yr, net income in good yr, chart, Mr 25 p 75
Where times are getting harder, agriculture not sharing in nation's business recovery, farmers getting less for crops, being forced to grow less, costs are high, incomes shrinking, last yr farmers had smallest share of natl income on record, economists now wondering if continued trouble in farming may not prove to be weakness for nation,* Mr 25 p 98-101
Prosperity leaving farmer behind, farm income in billions and as per cent of natl income, in 1946, 1948, 1951, 1954, Mr 25 p 98
Farmer is squeezed between costs and prices, prices farmers get, prices farmers receive, 1947 to date, chart, Mr 25 p 98
Govt's investment in supporting prices of farm products, total investment of CCC, loans to farmers, cost of inventories, 1949-1955, chart, Ap 15 p 114:2
Sec Benson reports on big blow of 1955, report on drought problem after tour of dust-choked areas of five States, Sec Benson found area in serious trouble, plagued by five-yr-old drought that could lead to another dust bowl, farmers can help with measures of their own but rain is only real answer, interview with Agric Sec Ezra T Benson, My 6 p 26-29
Boom will level off soon; more trouble for farmers, one of country's biggest banks sizes up prospects in business and farming, business will probably level off, maybe slip somewhat after midyr, then get lift from rising investment; farming suffers from too many farmers, extracts from Monthly Letter of First Natl City Bank of New York for May 1955, My 20 p 104-110
CCC investment in wheat, corn, cotton and other farm commodities, chart, My 20 p 108
Why it costs more to buy farm, rural real estate worth more than yr ago, recession in agriculture hasn't hurt land value, farms bought as investments making money, interest in buying farm land mounting, farmers enlarging holdings, farmers see good future for large, efficient producer,* Je 24 p 92-94
Farm land: prices are going up, official index, prices of farm real estate, 1940, 1950, yr ago, now, State by State, chart, Je 24 p 92
Where farm land today is worth less than in 1920, chart, Je 24 p 94

Surpluses
Why Reds want U S butter, most Russians now get only pound a yr, deal again cooking to let Russia buy U S butter at price lower than that paid by Amer people, alternatives no more palatable: give it away or let it spoil, Ja 14 p 32
Who gets U S food free, some gifts stay at home, but most go abroad, in effort to reduce agricultural surplus, Cong, in 1954, set up vast program of give-aways, barters and cut-rate sales, newest wrinkle is to sell commodities for foreign currency, headaches in administering program, F 11 p 46-48
Getting rid of $1.5 billion in surplus farm products, value of surplus farm products U S Govt holds, value of surplus products U S expects to give away, sell or barter in yr ending mid-1955, chart, F 11 p 46

AGRICULTURE—Contd.
Turn butter into ghee, sell it—latest plan for using 264 million pounds of surplus butter: convert it into ghee, substance used in Asia as food, medicine, ointment and in religious ceremonies; problems, Mr 4 p 61

AIR FORCE, U S *see* National Defense-Armed Forces-Air Force

ALDRICH, WINTHROP W
U S Amb to Brit entertained Queen Elizabeth II at Washington's Birthday party in London, occasion was well-planned diplomatic gesture, Mr 4 p 16:1

ALI, MOHAMMED
Pakistan's Premier has taken second wife and stirred up more criticism in own country where law and Moslem religion permit him as many as four wives, than in Western Christian nations, Ap 15 p 16:3
Voices of freedom who beat Communist propagandists to punch at Asian-African conference at Bandung, Indonesia—Adam Clayton Powell, Jr, Negro Dem Congressman and unofficial U S observer, Iraqi leader Mohammed Fadhil Jamali, Carlos P Romulo of Philippines and Mohammed Ali, Premier of Pakistan, Ap 29 p 16

ALMOND, EDWARD M
When U S did fight Red China, commanders say rules were rigged to keep Amer from winning Korean war, excerpts of testimony before subcom of Sen Judiciary Com by Gen Mark Clark, Lieut Gen George E Stratemeyer, Gen James A Van Fleet, Lieut Gen Edward M Almond, Vice Adm Charles Turner Joy, F 11 p 35-38

ALMOND, J LINDSAY, JR
Voices of Southern tradition, lawyers from Dixie came before U S Supreme Court to emphasize Southern feelings against putting white and Negro children into same schools, Ap 22 p 14

ALTMEYER, ARTHUR J
Mystery in annual wage, Amer Motors announced it was asking group of economists for advice on guaranteed annual wage, seven of eight economists chosen also served on com appointed by Walter Reuther to advise auto union on annual wage, views of economists Seymour Harris, Alvin Hansen, Arthur Altmeyer, Edwin Witte, William Haber, Richard Lester, Sumner Slichter and Vincent Bladen, My 13 p 112-117

AMERICAN MOTORS CORPORATION
Mystery in annual wage, Amer Motors announced it was asking group of economists for advice on guaranteed annual wage, seven of eight economists chosen also served on com appointed by Walter Reuther to advise auto union on annual wage, views of economists Seymour Harris, Alvin Hansen, Arthur Altmeyer, Edwin Witte, William Haber, Richard Lester, Sumner Slichter and Vincent Bladen, My 13 p 112-117

ANDERSON, CLINTON P
Twelve Congressmen—all members of Joint Com on Atomic Energy—dived under Atlantic in atomic submarine *Nautilus*, Sens Anderson and Knowland teamed in turn at controls, Ap 1 p 14

ANDERSON, DILLON
To become Special Asst for Natl Security Affairs on April 1 succeeding Robert Cutler, in new job Anderson will wield more power than most Cabinet members, Mr 18 p 16:1

ANDREWS, T COLEMAN
New tax law, new forms—and April 15 coming up, T Coleman Andrews nation's top tax collector, unworried by complexities of new tax forms, assures taxpayers: honest errors to be treated as such, not as tax-fraud schemes, biographical sketch, F 4 p 51-53
Treas Dept's "conscience fund" richer by $5,000 received in otherwise empty envelope by Internal Revenue Comm T Coleman Andrews, Je 10 p 16:2

ARCTIC
Arctic flying in next war, polar region in air age is "center of civilized world," uses: route for missions, site for warning radar, Arctic "open for aggression" in '46, now "gap is closing," interview with Col Bernt Balchen, Asst for Arctic Activities, U S Air Force, Ja 28 p 28-31
U S vs Russia at North Pole, map showing strategy factors, Ja 28 p 31

ARGENTINA
Memo from Argentina, Perón's primers, Argentine primers contain recital of wonders performed by Peróns, use of textbook compulsory in every primary school, even those maintained for North Amer children, (law), Ja 14 p 62, 63
Pages from Argentina's "First Reader" glorifying Gen and Eva Perón, chart, Ja 14 p 62, 63
State vs church—Perón's new fight, Pres Juan D Perón warring on biggest institution in Argentina—Roman Catholic Church, Govt jailing priests and withdrawing subsidies from Catholic schools, reason: new threat of opposition has arisen in form of Catholic-led Christian Democratic Party, Ap 15 p 50-54
Perón still is in trouble, Argentina's Juan D Perón embattled dictator, attempt to crush opposition from Roman Catholic Church resulted in excommunication and revolution, Army put down revolt but Perón still has problems in fields of trade and domestic production, Je 24 p 49-52

ARIAS, ARNULFO
Ex dictator of Panama first man police went looking for after machine-gun assassins killed pro-Amer Pres José Antonio Remón, Ja 14 p 18:3

ARMSTRONG, HAMILTON FISH
Where dangers of war are greatest, danger area for U S still Far East, starvation ahead in Red China? what mainland attack would mean, China's civil war still on, where U S "prestige" is involved, how Japanese look at U S, U S and third world war, article written for *USN & WR* by Hamilton Fish Armstrong, Editor of "Foreign Affairs," Je 3 p 53-57

ARMY, U S *see* National Defense-Armed Forces-Army

ASIA
This is way Reds plan to win Asia, as Communists see Asia patience likely to bring them more conquests than fight in which all could be lost, countries around rim of Red China where gains can be made by subversion, infiltration and other means short of war, Ap 22 p 27-29
Red plan for conquest of Asia, map showing countries around Communist China, Ap 22 p 28, 29
Krishna Menon says get U S out of Asia, then have India and Red China as joint rulers of Far East, moves that Prime Min Nehru and Krishna Menon trying to promote, formula unveiled at Bandung, views on Red China, Formosa, Chiang Kai-shek, Japan, Cambodia and Laos, obtained by *USN & WR* in talk with Krishna Menon, My 13 p 37, 38

ATOMIC ENERGY
(*See also* Radioactivity)

Commercial Use
"The atomic revolution is here," nuclear energy "great boon to man," can raise living standards abroad, U S industry interested, power for Japan and India, end of "hush-hush" era, atom vs coal and oil, profits from atomic waste, submarine strategy, interview with atomic-submarine builder, John Jay Hopkins, Pres, Gen Dynamics Corp, Mr 18 p 88-92
Boom in atom—when? how big? atomic age industry coming but not overnight, atom-powered planes and trains yrs away, so is atom-fueled electricity for homes and industries, in developing atom private industry barely has foot in door so far, investors bidding up atom stocks even though big earnings not promised right away, Ap 15 p 42, 43
Market performance of atomic stocks, 25 atomic shares—up 42 per cent in 10 mos, Dow-Jones industrial average—up 28 per cent in 10 mos, chart, Ap 15 p 42
Electric power from atom—how it will grow, atomic capacity in billion kilowatts and per cent of total U S electric capacity, in 1955, 1965, 1975 and 1980, chart, Ap 15 p 43

ATOMIC ENERGY—Contd.
Next big job for atom, ocean-going merchant ships, both passenger and cargo, to undergo revolutionary change within five yrs, atom power will increase pay load, step up speed greatly and change appearance of tomorrow's ships, My 6 p 42
Atom power will enable ships of future to do this—encircle globe at least once without refueling, increase amount of space for passengers and cargo, cut turn-around time, increase speeds, do jobs faster and with fewer ships, chart, My 6 p 42
About atoms in business, more of barriers to civilian use of atom coming down, who can get "access permit" to classified data of AEC, where co would get uranium or other needed materials, how individuals can tell what information AEC has that might be of interest to his business, (wba), Je 10 p 82, 83

Military
First blueprint for atomic war, NATO's Army in Central Europe has received new directive—to stand and fight for West Germany if Russia attacks rather than retreat to Rhine, how NATO forces are being reorganized for defense based on tactical atomic weapons, problems in reorganization, report by Robert Kleiman, Regional Editor for *USN & WR*, F 25 p 24-32
In few hours—West can strike 800 atom blows in East Europe, this "atomic punch" now guards front in Central Europe—550 U S light bombers, 75 Matador pilotless bombers, 30 280-mm cannon, 6 "Honest John" rocket launchers, chart, F 25 p 25
"Time compression"—what it means, what loaded bomber flight from Soviet base to London, damage done by one plane and one bomb in an instant, one week's combat, one hour's combat and one minute's combat in atomic war equal in conventional war, chart, F 25 p 27
Sir Winston Churchill tells—inside story of H-bomb, Soviet Union two to four yrs behind U S in H-bomb development, only U S has means to deliver modern weapons on target on short notice, excerpts from address on March 1 by Brit Prime Min Churchill in House of Commons, Mr 11 p 74-78
What Eisenhower says about H-bomb, comment on one of Prime Min Churchill's statements about H-bomb from March 2 press conference, Mr 11 p 75
Report from Hiroshima: latest about after-effects of A-bomb, in 190,000 survivors: 100 cases of leukemia, some mild eye cataracts; next generation normal, children of survivors seem well adjusted, fall-out and posterity, interview with Dr Robert H Holmes, Dir, U S Atomic Bomb Casualty Comm, by Robert P Martin, My 13 p 60-68
What's this about U-bomb? reports now of U-bomb, successor to H-bomb, conjecture flowing from speech by scientist Willard F Libby, member of AEC, many scientists think U-bomb went off in Bikini test in 1954, report by U S Navy of fall-out effect upon natives of Marshall Islands following Bikini bomb explosions, Je 24 p 21-24
Evolution of nuclear bombs, ordinary atom bomb, improved atom bomb, hydrogen bomb, improved hydrogen bomb, chart, Je 24 p 22

Tests
H-bomb tests—they're safe, AEC reports negligible effect of fall-out on food, health, heredity in U S, four effects of detonations, protection against blast and heat, fall-out radiation, protection against fall-out, genetic effects of radiation, full text of report issued February 15 by AEC on effects of nuclear explosions, F 25 p 128-134
Blast damage from H-bomb, what AEC says, destructiveness of A-bomb exploded in 1952, destructiveness of bombs AEC says we now have, chart, F 25 p 129
Why Ike approved H-bomb report, full text of statement issued on February 16 by James C Hagerty, Press Sec to Pres, giving Eisenhower's reasons for advance approval of AEC report on nuclear explosions, F 25 p 134
Weather bad? don't blame atom, weather experts of U S Govt have made public conclusions of scientific study into possible tie-in between atomic blasts and country's weather, no evidence that tests increase rain, lightning, tornadoes or drought, Mr 4 p 32

ATOMIC ENERGY—Contd.
Why all the atom tests, purpose of test atomic explosions in Nevada, why so many are necessary, effects being watched, what "open shot" is, types of explosion being made, no H-bombs being used, why tests weren't held in Pacific area, (wba), Mr 11 p 102, 103
Facts about A-bomb "fall-out," intensive campaign to generate fear of A-bomb tests among Amers under way, experiments carried out by AEC and U S Weather Bur to find how great danger is from Nevada tests, fear of danger to future generations hardest to combat, Mr 25 p 21-26
What U S has learned from atomic tests, what AEC tests show and what AEC reports about atomic bomb tests in U S, chart, Mr 25 p 24
Will H-bomb tests affect future generations? what AEC tests show about babies born to Japanese exposed to nearly fatal doses of radioactivity, about fruit flies raised for 128 generations in highly radioactive surroundings, about mice subjected to heavy doses of radiation, about Japanese survivors of A-bomb blasts, chart, Mr 25 p 25
Weather and atom tests—fiction and facts, to answer Russian claim that U S atomic explosions had ruined Soviet weather and caused crops to fail, U S Weather Bur experts studied records and established facts about effects on rain, tornadoes, drought, storms, chart, Mr 25 p 26
What they are saying about dangers in A-tests, statement by scientists at Univ of Colorado and answer by Gov Johnson, news dispatch from Paris and answer, statement by Linus Pauling of California Tech and answer, chart, Mr 25 p 26
50 atom blasts: what they have proved, series of 12 blasts has occurred in 1955 series of A-bomb tests, brings to nearly 50 number of postwar tests of A-weapons and H-weapons, what was tested in each of 12 blasts, what was learned from tests, Ap 29 p 23-25
All about A-bombs, fall-out, dangers in future, facts about effects of country's A-bomb tests given by top U S scientists who have studied problem at first hand, includes facts about many rumors, extracts from hearings held on April 15 by Cong's Joint Com on Atomic Energy, Ap 29 p 96-108
They came, they stayed, they saw, they shuddered, bomb watchers finally saw atomic-bomb explosion they had waited for through 10 days of postponements, My 13 p 16

ATTLEE, CLEMENT
Former Brit Prime Minister seems to be swinging toward left-wing, anti-U S views so often expressed by Aneurin Bevan, his fiery rival for leadership of Labor Party, F 18 p 14:3

AUSTRIA
Are Russians in Austria to stay? hope for departure aided by Allied build-up, how world opinion helps, problems of "co-existence," timing of withdrawal, living under occupation, poor work by Russians, Yugoslavs' dilemma, interview with Julius Raab, Chancellor of Austria, Ja 7 p 72-76
Is Red Army going home? behind pullback in Austria, if Russians stick to agreement made in Moscow with Austrian officials she will move about 35,000 troops out of Eastern Austria, under peace treaty U S, Brit and France will also remove troops, Russian withdrawal designed to have propaganda appeal in Germany, Ap 22 p 92, 93

AUTOMATION *see* Employment and Unemployment

AUTOMOBILES
(*See also* Labor-Wages-Guaranteed Annual Wage)
Driving is getting safer, death toll of traffic accidents over holidays was high, reports suggest highways becoming death traps but study of figures compiled by Natl Safety Council leads to happier conclusion, Ja 14 p 50
Death on highway: declining rate, deaths per 100 million miles of driving in 1935, 1940, 1948, 1953, estimated 1954, chart, Ja 14 p 50

AUTOMOBILES—Contd.
Auto men see yrs of good business, forecast upturn of 40 per cent in spending, yr ago Harlow H Curtice and Alfred P Sloan, Jr, accurately forecast early end to recession of 1954, now these top officials of General Motors look ahead again, text of addresses on January 17 in New York, Ja 28 p 138-142
Strike outlook for autos, steel, labor disputes that could lead to strikes developing in automobile and steel industries, what happens in these industries affects all U S business, auto union demanding annual wage among other things, steel union to ask pay raise, F 4 p 93-96
Walkouts coming in two key industries? date contract expires or reopens, number of workers involved, major demands of union, in auto and steel industries, chart, F 4 p 93
Back of auto boom, planned auto output for 1955 far in excess of estimated sales, strike talk widespread in Detroit, large sales expected in spring, competition accepted as battle for survival, no producer expects as many cars to be made in second half of yr as in first half, "bootleg" market, plight of smaller manufacturers, F 11 p 26-28
Outlook for autos, passenger-car output rate now, estimated passenger-car sales in 1955, problem: find market for difference, chart, F 11 p 27
Steel and auto boom—will it go on? drop likely in near future in auto and steel industries, both turning out more than they can continue to sell judged by their own long-range forecasts for yr, signs of trouble in auto industry already, steel industry not yet feeling effect of overproduction,* Mr 11 p 80-83
Why industry expects dip in autos and steel, expected production for yr, present annual rate of production, amount production expected to decline in 2nd half of yr, for autos and steel, chart, Mr 11 p 80
Auto strike: plans shape up, odds favor Ford walkout, feeling that leaders of UAW have gone so far in building up demand for guaranteed annual wage that nothing short of acceptable compromise offer from industry will prevent strike, strike aim may be 1956 models, cheaper to strike Ford than General Motors, Ap 8 p 94-98
Production and retail sales of automobiles, retail sales and production for U S market from January 1954 to March 1955, chart, Ap 8 p 109:2
Biggest yr in auto history, appetite of Amer people for new cars bigger than even most optimistic leaders in auto industry expected, next yr's models to be brought out earlier for autumn selling, changes in 1956 cars to be substantial, least expensive cars being passed over by buyers, factories and dealers exploiting easy credit terms, My 13 p 26-28
Auto output: headed for new record, production of passenger cars, 1949 to estimated 1955, chart, My 13 p 26, 27
Reports on steel and autos—two industrial leaders look ahead 20 yrs, in steel "further expansion will be imperative," extracts from address by Benjamin F Fairless as delivered at annual meeting of stockholders of U S Steel Corp; "one-car family could be in minority," extracts from address by Lester L Colbert, pres of Chrysler Corp, at annual meeting of U S Chamber of Commerce, My 13 p 102-104

AVERY, SEWELL
Chrmn of Montgomery Ward & Co believes in laying by money when times are good for investment when times are bad, now faces fight for control of co and philosophy, Mr 25 p 16:2

AVIATION
Traffic jam in sky, billion-dollar-a-yr airlines business suffering acute growing pains, scheduled planes alone carried 30 million passengers inside U S in 1954, more people crossed oceans in planes than on ships, result: planes crowd air lanes, swarm over airports, jam up on landings and take-offs, Ja 7 p 40, 41
Big boom in air travel, since World War II—air travel in U S has nearly tripled, miles of air travel in 1946, 1950 and 1954, nearly four times as many people travel abroad by air, passengers going abroad in 1946, 1950 and 1954, chart, Ja 7 p 40
U S airports lead world in traffic, 14 Amer cities are ahead of London, 18 ahead of Paris, arrivals and departures of airline planes in yr, chart, Ja 7 p 41

B

BALCHEN, BERNT
Arctic flying in next war, polar region in air age is "center of civilized world," uses: route for missions, site for warning radar; Arctic "open for aggression" in '46, now "gap is closing," interview with Col Bernt Balchen, Asst for Arctic Activities, U S Air Force, Ja 28 p 28-31

BALDWIN, HANSON W
Russia can be beaten without A-bomb, fear of atomic war can cripple diplomacy, if West does not attempt to fight unlimited war it can defeat Russia without atomic weapons, article by Hanson W Baldwin, reprinted from *New York Times*, Ja 14 p 48

BANDUNG CONFERENCE
At Bandung—Communists miss boat, Red China suffered major setback in Asia and Africa at Bandung Conf, Communists more feared than trusted among nonwhite nations, U S has more friends than it counted on, colored races want peace and end to colonialism, neither Chou En-lai nor Nehru can unite them against West, Ap 29 p 40, 41
Bloc of colored nations? where Communists made latest play—and muffed it, 29 nations that Communists tried to line up on their side at Bandung, map, Ap 29 p 41
Red China exposed—not dominant in Asia, Asians resist power plays of India and China, worry over Communism, racialism and colonialism, interview cabled from Bandung, with Adam Clayton Powell, Jr, Negro leader and Congressman from New York, who attended African-Asian Conf as unofficial U S observer, Ap 29 p 42-44
What all peace talk is about—play by play story of how way was opened for meeting between U S and Red China, extracts from Kotelawala speech of April 21 at Bandung Conf attacking Red China, Chou En-lai's April 23 statement to newsmen opening door to talks, State Dept comment, Chou's statement to political com at Conf, Chou's farewell address staking claim to Formosa, My 6 p 98-101
Why there's no colored bloc, Asians and Africans put national interests ahead of color, Reds' colonialism is feared, gratitude for Amer aid, attitude toward U S of leaders of nonwhite nations represented at Bandung Conf, interview with Dr Max Yergan, Amer Negro authority on Africa, Je 3 p 96, 97

BANKING AND FINANCE
(*See also* Consumers, Credit, Debt, Interest, Money, U S-Government-Economic Policies)
